LIGHT POWER WITH A SYSTEM: CERTIFIED LIGHT BY PARAT

Powerful safety lamps, focused spotlights or far-reaching light beams: PARAT provides the perfect product for any requirement – of course, certification included.

As an expert for professional light, PARAT offers a wide range of high-quality safety lamps for the most different trades and applications. The two product lines PARALUX® CERTIFIED LIGHTING and PARAT X-TREME® PROFESSIONAL LIGHTING boast models for daily service and after-sales operations as well as safety lamps for the tough jobs of THW forces (German Federal Agency for Technical Relief) or firefighters. The products provide valuable service in any job, are extremely robust, technically tested and approved and DEKRA-certified, depending on model. In addition, all PARAT lamps wow users with their compact and handy design yet extraordinary brightness.

Specifically designed for use in extreme conditions (firefighters, disaster control, police forces, military and industry), the safety lamps from the PARALUX® product line stand out due to their exceptional high degree of safety. These models are 100% watertight and dustproof and withstand exposure to fire, gas or heat thanks to the certified explosion-protection according to ATEX and IECEx. They come with a robust housing and are fitted with a rubberized rear switch for easy one-hand operation. The practical and certified PARASNAP® mount securely attaches to any safety lamp, exactly where it is needed: whether on a helmet, belt or directly on your tool bag.

Safe light for professional use – PARAT light power: PARALUX®, X-TREME® and PARASNAP®

About PARAT Group:

PARAT – the globally active partner for highly-functional plastic trim parts and structural components focuses consistently on delivering the very highest quality with a maximum of customer value as a leading manufacturer of tool cases and bags, provider of innovative IT storage systems and specialist for certified safety lamps. In the financial year 2017, PARAT Group generated revenues of about 87 million euros with a work force of approximately 850 employees at five locations worldwide.

As an institution setting the benchmark for safe light, PARAT stands for the perfect combination of maximum brightness and certified explosion protection. The pooling of technical features as well as ATEX and STAUBEX certifications make any PARAT lamp and related system components a perfect tool for extreme demanding areas of application. With the revolutionary PARASNAP® lamp mounting system, the company has now impressively underlined its expertise in the accessories segment.
