LIMITED EDITION.

LIMITED EDITION PRODUCT FEATURES

Stable and secure

- Thanks to the durable double aluminum frame, the case holds up to 30 kg
- The anti-slip X-ABS outer shell ensures firm hold on almost any surface
- The tip cylinder lock protects from unauthorized access

Everything in order

- CP-7 and sown tool panels made from Con-Pearl® material ensure that things remain in order
- Everything finds its place thanks to the extra deep bottom tray with individually divisible compartments

Clean and functional

- Even oil, sweat & Co. will not cause slippage from the PARAT handle with Soft-Touch surface
- Ratchet hinges incl. stop hold the lid securely open when in use
- Integrated protection sliding bases keep sensitive work surfaces and floors intact
- Toolcase is flight-ready
